Required Information

The United Bankshares, Inc. Savings and Stock Investment Plan (the Plan) is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA). Accordingly, in lieu of the requirements of Items 1-3 of this section, the Plan is filing financial statements and supplemental schedules prepared in accordance with the financial reporting requirements of ERISA. The following financial statements and supplemental schedules, attached hereto, are filed as part of the Annual Report:

Report of Independent Registered Public Accounting Firm	1
Statements of Net Assets Available for Benefits—Modified Cash Basis	2

United Bankshares, Inc. Plan Sponsor

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the United Bankshares, Inc. Savings and Stock Investment Plan (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, the financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits (modified cash basis) for the year ended December 31, 2006, on the basis of accounting described in Note 1.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules (modified cash basis) of assets held at December 31, 2006, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules (modified cash basis) have been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

1. Significant Accounting Policies

Accounting Method

The accounting records of the United Bankshares, Inc. (United) Savings and Stock Investment Plan (the Plan) are maintained on a modified cash basis of accounting, a basis of accounting permitted by the Department of Labor. Such accounting method includes recording investments at fair value and the recording of contributions receivable. Other additions and deductions are recognized as received or paid rather than as earned or incurred. Accordingly, the accompanying financial statements are not intended to be presented in accordance with U.S. generally accepted accounting principles.

The preparation of financial statements requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash Equivalents

Cash equivalents are primarily investments in the Federated Government Obligations Fund, the underlying assets of which are highly liquid United States government obligations. The market value of cash equivalents approximates cost.

Investments

Investments are recorded at estimated fair value based upon published quoted prices, determined primarily by the last reported sales price on the last business day of the year. The shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the plan at year-end.

Loans Receivable

The participant loans are valued at their outstanding balances, which approximate fair value.

1. Significant Accounting Policies (continued)

New Accounting Pronouncement

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006, and are required to be applied retroactively to all prior periods presented for comparative purposes. The FSP had no impact to the financial presentation and disclosure of the Plan, since the Plan's investments do not include investment contracts.

2. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan, which is available to all employees of United or any of its subsidiaries who have completed 90 days of continuous service for employee deferral and one year of service for employer match. The Plan was established December 29, 1989, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In 2004, the Plan was amended to incorporate the necessary changes to convert the employer stock fund portion of the plan to an ESOP and to incorporate the election provisions required pursuant to Internal Revenue Code Section 404(k). In late 2006, the Plan was amended to comply, effective January 1, 2007, with the employer stock diversification requirements outlined in the Pension Protection Act of 2006.

2. Description of the Plan (continued)

Contributions

Active participants may defer up to 100% of their annual pre-tax compensation subject to Internal Revenue Code (the Code) limitations. United contributes an amount equal to 100% of the first 2% of the participant's deferral and 25% of the next 2% of the participant's deferral. These matching contributions are made by United on a semimonthly basis and consist of cash, which is used by the Plan to purchase shares of United common stock.

Participants may choose to have their deferral contributions directed to any of twelve investment options including United Bankshares, Inc. common stock, U.S. Government Securities Funds, various common stock funds, and an international equity fund. Investment elections must be made in multiples of 1%.

Participant Accounts

Plan earnings are allocated to each participant's account based upon the respective account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participating employees are immediately fully vested as to employee and employer contributions to the Plan.

Payment of Benefits

On termination of service, a participant may receive a lump-sum amount or keep funds invested in the plan until reaching the age of 59½.

2. Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, United has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, partial termination, or complete discontinuance of contributions to the Plan, the assets of the Plan will remain in trust and will be distributed in accordance with the Plan Agreement.

3. Investments

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2006 and 2005, the net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2006, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Each investment is subject to market risk. The degree of market risk varies by investment type based upon the nature of the applicable underlying net assets. The Plan's maximum exposure to accounting loss from such investments is represented by the amounts appearing in the statements of net assets available for benefits.

The estimated fair value of individual investments representing 5% or more of the Plan's net assets is as follows:

	December 31	
	2006	2005
Goldman Sachs Capital Growth Fund	\$ 2,507,152	\$ 2,644,833
Federated Kaufmann Fund	2,565,417	2,117,247

3. Investments (continued)

During 2006, the current value of the Plan's investments (including investments purchased, sold, as well as held during the year), as determined principally by quoted market values, appreciated as follows:

	Net Realized and Unrealized Appreciation in Fair Value of Investments
Shares of registered investment companies	\$ 669,938
United Bankshares, Inc. common stock	2,142,046
	\$ 2,811,984

4. Non-participant-Directed Investments

Information about the net assets and the significant components of changes in net assets related to the non-participant-directed investments is as follows:

	December 31	
	2006	2005
Investments, at fair value:		
United Bankshares, Inc. common stock	\$ 15,970,157	\$ 14,409,967
		Year Ended December 31 2006
Change in net assets:		
Contributions		\$ 738,975
Dividends		388,172
Net realized and unrealized appreciation in fair value		1,261,936
Distributions to participants		(828,893)
		\$ 1,560,190

United Bankshares, Inc.
Savings and Stock Investment Plan

Notes to Financial Statements—

5. Benefits Payable

Participants elected to withdraw \$101,991 and \$21,280 as of December 31, 2006 and 2005, respectively. These amounts were approved and processed for payment but were not paid as of the respective period end. As a result of the plan not passing the ADP and ACP Tests for 2006, a total of \$11,192 in corrective distributions will be paid in 2007.

6. Differences Between Financial Statements and Form 5500

For purposes of Form 5500, interest-bearing cash equivalents are classified as plan investments. The amount of interest-bearing cash equivalents classified as investments on the Form 5500 was \$3,335,924 and \$3,289,110 as of December 31, 2006 and 2005, respectively. The amount of cash held by the Plan was \$0 and \$56,471 as of December 31, 2006 and 2005, respectively, and was classified as non-interest-bearing cash on the Form 5500.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 31, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

9. Transactions with Parties-in-Interest

The Plan holds 625,771 shares of United common stock, which had a fair value of \$38.65 per share at December 31, 2006.

United pays certain administrative expenses on behalf of the Plan and provides certain services at no cost to the Plan.

United Bank, Inc., a wholly owned subsidiary of United, acts as Trustee for the Plan.

Participants may choose to have their contributions directed to various mutual funds made available by Federated Investors, Inc. and FASCore, LLC, record-keeper for the Plan.
